Please see below. Can you provide more info on the rationale for the decision made to not extend hours or allowing commercial vehicles to cross at non-designated commercial POEs and advise if this can be revisited?

Txs.

I'm not sure why we wouldn't due to emergency keep adjoining POEs open longer and redo text commercial trucks to those locations.

I think we need to be helpful here. I would authorize additional hours. I'm sure clearances could be done over the phone between a BsO in Aden on the phone with a BSO in Coutts.

Can we explore this with prairie again. Not sure who said we wouldn't consider this as per below.

RCMP have inquired on whether we can extend the hours of operation at some of the surrounding ports of entry and allow commercial traffic to clear at the surrounding areas. CBSA reconfirmed that we are not extending hours or allowing commercial vehicles to cross at non-designated commercial ports of entry at this time.
